Passionate Frontend Developer with hands-on experience in building dynamic and responsive web applications using Lightning Web Components. Skilled in JavaScript, Apex, and Salesforce ecosystem, with a strong focus on optimizing performance and delivering seamless user experiences. Adept at working closely with cross-functional teams to create scalable and maintainable solutions on the Salesforce platform

EXPERIENCE

WEAMSE BUSINESS SOLUTIONS

Mar 2023 - April 2024

Full-Stack Developer

- Developed and implemented responsive user interfaces using React.js, ensuring seamless integration with back-end services.
- Utilized Redux Toolkit for state management, optimizing the performance of complex front-end applications.
- Collaborated closely with the back-end team to integrate RESTful APIs, ensuring efficient data flow and user interaction.
- Contributed to SEO-friendly web applications, improving search engine rankings and user engagement.

JSPIDERS

Aug 2022 - Feb 2023

Full-Stack Developer

- Designed and developed dynamic web applications using React.js, focusing on creating intuitive and user-friendly interfaces.
- Implemented RESTful APIs with Node.js and Express.js, supporting front-end functionalities.
- Managed MongoDB databases, performing CRUD operations to maintain data integrity and efficiency.
- Engaged in continuous codebase documentation, facilitating easy updates and maintenance.
